

NetworkHD™ 200 Series AV over IP H.264 Encoder

NHD-200-TX

NETWORK HD

NETWORK HD TOUCH HDMI POE HDCP H.264 DVI-I

WyreStorm - Because the Technology Matters.

Introduction

The NHD-200-TX is the source device encoder for the NetworkHD™ 200 Series, an ultra low bandwidth H.264 AV over IP solution with all the functionality of the NetworkHD 100 series but with a multi-format DVI-I input supporting transmission of DVI, HDMI, Component and VGA signals. The NHD-200-TX H.264 encoder is compatible with any NetworkHD 100 or 200 series decoder (sold separately) to provide end-to-end streaming to individual displays or video wall decoding with the NHD-210-RX. It is also compatible with the NHD-000-CTL system controller.

Key Features

- Highly scalable, high quality, low-bandwidth solution using the most efficient compression technologies to allow for very large commercial AV deployments
- NetworkHD Touch iPad control app for live video previews and drag and drop source selection
- Matrix Switching functionality (when paired with a 100 or 200 series decoder)
- Supports video wall processing functionality up to 10x10 screens (with NHD-210-RX)
- Supports Multiview processing functionality for single displays (with NHD-220-RX)
- Plug and Play setup with quick networking configuration and auto discovery of components
- QuickSync™ technology for virtually instantaneous seamless switching
- Dip switch selection of source video format
- Major control systems drivers available including the WyreStorm Enado™ Control System
- Supports secondary video preview stream for PC or third party user interface.
- Use with the new NetworkHD controller (NHD-000-CTL) for matrix control and management via the LAN, as well as for allowing control from third party control system such as AMX, Crestron, Control4, RTI & Enado.
- Supports PoE to be remotely powered by compatible power source equipment, eliminating the need for a nearby power outlet
- Standards-based H.264/MPEG-4 AVC video compression
- Full PC control suite available free of charge at wyrestorm.com
- Supports HDCP
- Configurable encoding bit rate up to 30Mbps

In the Box

1x NHD-200-TX Encoder
1x 12v DC 1A. Power Supply
2x 3-pin Phoenix Connector

2x Mounting Ears
1x Quickstart Guide

** NHD-100-RX Decoder is compatible with both 100 and 200 Series systems and should be specified to decode transmissions to individual video display devices from both NHD-100-TX and NHD-200-TX encoders.*

Specifications

| Audio and Video | |
|--------------------------------------|---|
| Inputs | 1x AV IN: 24-pin DVI/I 1x Line In: 3.5mm (1/8in) TRS Stereo |
| Outputs | 1x LAN (PoE) 8-pin RJ-45 female 10/100Base-T 1x Audio Out: 3-pin Phoenix |
| Output Video Encoding | H.264/MPEG-4 AVC |
| Encoding Data Rate | 2~30Mb/s |
| End to End Latency (Max) | 60~90 ms (Low latency mode) 250~300 ms (High quality mode) |
| Audio Formats | 2ch PCM |
| Video Resolutions (Max) | Note: : Interlaced content at any resolution is not supported, all source content must be progressive. HDMI: 1920x1200p @60Hz 8bit (15m/50ft) Cat6/6a/7 Output: 1920x1200p @60Hz 8bit (100m/328ft Point to Point) |
| Color Depth | 8bit |
| Maximum Pixel Clock | 150 MHz |
| Communication and Control | |
| HDMI | HDMI HDCP 1.4 |
| Ethernet | 1x 8-pin RJ-45 female 10/100Base-T PoE |
| RS-232 | 1x RS-232: 3-pin Phoenix |
| Power | |
| Power Supply | 12V DC 1A |
| PoE | IEEE 802.3af 12V 1A 12.95W |
| Max Power Consumption | 6W (DC adapter) |
| Environmental | |
| Operating Temperature | 0 to + 45°C (32 to + 113 °F), 10% to 90%, non-condensing |
| Storage Temperature | -20 to +70°C (-4 to + 158 °F), 10% to 90%, non-condensing |
| Maximum BTU | 20.47 BTU/hr |
| Dimensions and Weight | |
| Rack Units/Wall Box | <1U |
| Height With Without Feet | 25mm/0.98in |
| Width With Without Brackets | 228mm/8.98 |
| Depth With Without Handles | 111mm/4.37in |
| Weight | 0.6kg/1.32lbs |
| Regulatory | |
| Safety and Emission | CE FCC RoHS |

Right Product for the Right Application.
